The International Investment Position (IIP) in the first quarter of 2021 recorded a declining net liabilities, compared to net liabilities at the end of the fourth quarter of 2020. Indonesia's IIP in the first quarter of 2021 recorded a net liability of USD 268.6 billion or equivalent to 25.3% of Gross Domestic Product (GDP). This was down from the net liability position at the end of the fourth quarter of 2020 which was at USD 281.0 billion or equivalent to 26.5% of GDP. US Consumer Sentiment Rises

US consumer sentiment ticked up in June, driven by an improving economic outlook among affluent households, a survey released on Friday showed. The University of Michigan's Consumer Sentiment Index rose to a final reading of 85.5 from May's final level of 82.9, though it was below June's preliminary reading of 86.4. That was below the median forecast of 86.5 among economists polled by Reuters. All of the June gain was among households with incomes above USD 100,000, and mainly in the way they judged future economic prospects. (Reuters)
